

ULTIMATE FRIENDS COURT ROOM

Official Trial Schedule

Court Week: September 21–27, 2026

Court Time

Regular court sessions will begin at:

7:30 PM Central / 8:30 PM Eastern

Each scheduled trial will receive approximately **45–60 minutes**.

If a trial requires substantially more time, the Court may adjourn and continue it at the next available session.

Note: The times below are written as Central / Eastern. Eastern Time is currently one hour ahead of Central Time.

Monday, September 21

7:30 PM CT / 8:30 PM ET

Court Opening & Attendance

No trial.

The first meeting will establish:

- Which rebels have joined the Court Room.
- Which accused members actually wish to participate.
- Which members have requested lawyers.
- The basic court procedure.
- The order of trials.
- Any objections to the schedule.
- Whether additional evidence needs to be collected.

Special item: Confirm **Wildis_Knight** and **Michael_on_Chess** as TrofAndy's lawyers.

If an accused member has not joined the Court Room, their case will be marked **PENDING** rather than tried in absentia.

Tuesday, September 22

7:30 PM CT / 8:30 PM ET

Trial #1 — TrofAndy

Lawyers: Wildis_Knight & Michael_on_Chess

Subjects:

- Possession/use of the former RateClimber ownership code.
- Repeated attempts to regain access to Ultimate Friends after being banned.
- The Fish6777 account, where relevant.
- Alleged involvement in attacks or attack planning.
- Any other documented violations presented by the Court.

Special consideration: Because TrofAndy has repeatedly contacted Wildis_Knight and Michael_on_Chess regarding unbanning/promoting him, both have unusually direct knowledge of his attempts to regain access and can therefore serve as his lawyers.

If TrofAndy has not joined: Postpone Trial #1 to the next available session.

Wednesday, September 23

7:30 PM CT / 8:30 PM ET

Trial #2 — Bebbington32

Subjects:

- Repeated entry into Ultimate Friends through invite links after being banned.
- Possible ban evasion.
- The source of the invite links.
- Whether other members knowingly assisted unauthorized access.

Important: The Court should distinguish between Bebbington32's actions and the actions of administrators who may have supplied or failed to revoke invite links.

If Bebbington32 has not joined: Case remains **PENDING**.

Thursday, September 24

7:30 PM CT / 8:30 PM ET

Trial #3 — The1Liam

Subjects:

- Leadership and organization of the revolution.
- Specific attacks or attempted attacks for which evidence exists.
- Unauthorized access or ban-evasion activity, if applicable.
- Possible terms for ending the conflict.

Important: The Court should examine specific actions rather than treating opposition to Kaladin as a violation by itself.

Friday, September 25

7:30 PM CT / 8:30 PM ET

Trial #4 — Alpha-Aurora & AakasIyer

Format: One hearing, but **two separate findings**.

Subjects:

- Attack planning.
- Administrative-access manipulation.
- Ban-related incidents.
- Alleged "double-double agent" activities.
- Any other documented violations.

Evidence concerning one account should not automatically be treated as evidence concerning the other.

Saturday, September 26

7:30 PM CT / 8:30 PM ET

Rebel Group Hearings

The remaining cases will be handled individually during this session, **only for members who have joined the Court Room**.

Proposed order:

Each member receives a separate hearing and separate finding.

If one case takes too long, the remaining cases move to the next session rather than being rushed.

Sunday, September 27

7:30 PM CT / 8:30 PM ET

Pending Cases & Appeals

This session is reserved for:

- Rebels who joined the Court Room late.
- Cases postponed because the accused was unavailable.
- New evidence.
- Requests for reconsideration.
- Appeals.
- Additional witnesses.
- Any unresolved disputes from the previous trials.

Ryan-saxena

Ryan will **not automatically receive a formal trial.**

If there is specific evidence of a rule violation, he may receive a hearing during this session.

Otherwise, he may simply give a voluntary statement to the Court.

Final Peace Session

Date: To be determined after the individual cases are completed.

Time: 7:30 PM CT / 8:30 PM ET

The final session will bring together representatives from both sides to discuss:

- Conditions for lifting or modifying bans.
- Rules concerning alternate accounts.
- Rules concerning invite links.
- Protection against unauthorized ownership changes.
- What happens if another attack occurs.
- Conditions for previously banned members to return.
- Whether the Court should remain active after the crisis.
- A possible formal agreement ending the conflict.

Court Principle

No member is automatically guilty because they are a rebel, loyalist, spy, administrator, or opponent of another member.

The Court considers **documented actions and evidence**, gives the accused an opportunity to respond, and allows representation where appropriate.

The goal of the Court is to resolve the conflict, not create a new one.
